[illegible]

Figure 1 illustrates the evolution of a system over time, represented by a 3x3 grid of diagrams. The top row shows a single particle (A) moving from left to right. The middle row shows two particles (A and B) moving from left to right. The bottom row shows three particles (A, B, and C) moving from left to right. The diagrams are labeled with 'A' and 'B' and show the particles' positions at different times.
