- o To verify that you have installed the program correctly, you should find a file named `C:\Program Files\Eclipse` (and many other files and directories as well)

[Eclipse](#) - Java programming environment. Choose `File > New > Project > Java Project` from the left menu.

e.g. Download now: Eclipse SDK 3.1

[Programmer's File Editor](#) - free download of a useful utility to write programs and save as .java files in text format.

Note: This comes in a .zip file

Ó - a student must complete all required class assignm
